What We Do

- **Architecture**
Concept-driven designs that blend creativity and functionality.
- **Residential Construction**
Bespoke homes built with precision and care.
- **Renovation & Home Extensions**
Thoughtful upgrades that respect what's already there.
- **Interiors**
Beautiful, functional interiors tailored to your lifestyle.
- **Project Management**
Seamless execution from concept to completion.

RESIDENTIAL · Padappai, Chennai · 2023

Padappai Garden Villa

Set behind a gated compound wall and shaded by mature palms and frangipani trees, this two-storey family villa pairs a clean white plaster facade with local stone cladding at the entrance. Louvred wooden screens filter light into the upper-floor bedrooms, while a covered veranda extends the living area into the garden.

RESIDENTIAL · Tambaram, Chennai · 2024

Tambaram Modern Residence

Designed around a double-height entrance and a landscaped front lawn, this residence uses exposed concrete, warm timber slat screens, and full-height glazing to stay bright by day and glow from within after dark. A covered carport and paved driveway complete the street-facing elevation.

RENOVATION · South Chennai · 2022

Heritage Home Restoration

This restoration preserved the character of a traditional red-oxide veranda — timber columns, a hanging swing, and terracotta roof tiles — while quietly upgrading the structure, wiring, and waterproofing behind the scenes. The result keeps a family's original home intact for another generation.

Contemporary Interior Fit-Out

This interior fit-out pairs a restrained material palette — polished cement flooring, teak furniture, and a hand-carved jaali screen — with large garden-facing windows that keep the living area connected to greenery throughout the day.
